Adrian Würth, Reinhold Würth, 1960

WÜRTH IS QUALITY AND SERVICE

Würth is your specialist for assembly and fastening materials, technical chemicals, abrasives, and other material processing, workshop equipment, hand tools, power tools, auto electrical accessories, safety gear, and PPE. Würth has become the trusted supplier in the automotive, cargo, construction, mining, wood working and manufacturing industries.

The Würth Group is the global market leader in the development, production and sale of fastening and assembly materials. The family-owned company was founded in 1945 in Künzelsau, Germany and holds over 3.8 million customers worldwide that trust in Würth today.

Our goal lies in simplifying our customers' daily work. We excel as problem-solvers with unique and innovative products and services through a range of Sale Channels tailored to the customers' needs and location.

We ensure accessibility and excellence through:

Our Multi -Channel Strategy:

1. Direct sales consultants in the field
2. Convenient pickup shops
3. Comprehensive online shop

Our online platform provides detailed product information, certificates. and technical data sheets for customer convenience.

WHY CHOOSE WÜRTH KENYA LTD?

GERMAN QUALITY:

Each Würth product is fit-for purpose, top quality, durable and reliable, and has been subjected to tougher testing by us than it will ever face in real applications.

GLOBAL REACH:

As part of the Würth Group, comprising over 400 companies and 87,000 employees in 80+ countries, we leverage a vast international network to serve you better.

EXTENSIVE PRODUCT RANGE:

With over 125,000 products ranging from hand tools to automotive consumables, we've got you covered across various industries.

"The culture of the Würth Group is marked by mutual trust, reliability, honesty and righteousness, inside and outside the company."

CHEMICALS

CHEMICALS

WINDOW ADHESIVE CLASSIC PLUS

ART.-NO. 0890023701

APPLICATION

- Can be used for all standard vehicle types in the passenger car, commercial vehicle, bus, van and agricultural and construction machinery sectors

VARIOPRIMER SAFE + EASY

ART.-NO. 0890024021

APPLICATION

- Primer for promoting adhesion of the window adhesive on glass, ceramic silkscreen printing, lacquer and various metals. The primer provides corrosion protection for bare metals and acts as an activator for trimming PU/PVC pre-coated windows.

STONE CHIPPING AND CORROSION PROTECTION AQUA

ART.-NO. 0890030

APPLICATION

- For repair and/or restoration of the original structure and for protection against stone chips and corrosion in all visible areas, e.g. front and rear valances, side skirts, etc. Highly suitable as anti-drone mass for indoors, e.g. doors, engine and luggage compartment.

FREEZER SPRAY

ART.-NO. 0890001200

APPLICATION

- For cooling transistors, resistors and engine parts in the automotive sector, e.g. carburettor and injection systems, in order to test the function of cold start equipment. For preventing heat damage in the area around the sites of soldering operations.

CONTACT SPRAY

ART.-NO. 0890100

APPLICATION

- For repair and/or restoration of the original structure and for protection against stone chips and corrosion in all visible areas, e.g. front and rear valances, side skirts, etc. Highly suitable as anti-drone mass for indoors, e.g. doors, engine and luggage compartment.

FUELCURE

ART.-NO. 0893559559

APPLICATION

- Fuel moisture removal

CHEMICALS

CHEMICALS

CONTACT SPRAY OXIDATION SOLVENT

ART.-NO. 089360

APPLICATION

- Cleans all types of contacts
- Removes oxide and sulphide coatings, resin, oil and dirt
- Eliminates "bangs" as well as impermissible high voltage resistances

CLEANING/CARE AIDS

HAND CLEANER IN TUB

ART.-NO. 0893900001

APPLICATION

- Deep cleans hands and removes dirt such as oil, grease, graphite, metallic dust and soot.

WALL BRACKET

ART.-NO. 08919002

APPLICATION

- For wall mounting of the hand cleaner 4.5 litre bucket

DISPENSING PUMP FOR 4000 ML BUCKET OF HAND CLEANER

ART.-NO. 08919011

ACCESSORY

- HNDCLNR-PLUS-BUCKET-4000ML SKIN

INDUSTRIAL HAND CLEANER ECONOMY

ART.-NO. 089390020

APPLICATION

- This product is suitable for automobile repair, machinery printing, coal oil, metal and other relative industrial master dirty hands skin cleaning

CHEMICALS

ADHESIVES

ROUND BODYWORK TAPE

ART.-NO. 0890100032

APPLICATION

- Universal use for sealing overlaps and screw connections in the vehicle sector, container and caravan construction, e.g.: Between mudguards and bodywork, on brake lights and tail lights, on trims and sunroofs.
- Can also be used for general sealing to protect against dust, moisture and vibration in electrical work, mechanical engineering and construction as well as in air conditioning and ventilation, e.g.: between screwed parts, seam areas, joints, all kinds of housings and pipe penetrations.

DP 300 ENGINE AND HOUSING SEALING COMPOUND

ART.-NO. 0890100048

APPLICATION

- For sealing engines and housings in the automotive and motorcycle industry, tractor construction, electrical industry, turbine and nuclear power plants, mechanical engineering, gear construction, food industry, in gas, water and electricity plants, pump construction and mining
- For sealing particularly demanding and critical sealing connections due to its excellent thermal, mechanical and chemical resistance

SPRAY ADHESIVE

ART.-NO. 0890100055

APPLICATION

- Ideally suited for the automotive sector, in dealership workshops, in the construction of switch cabinets and ventilation systems, model building and industrial areas. The product can be used as a contact and assembly adhesive.

SOUND-ABSORBING PLATE

ART.-NO. 0890100060

APPLICATION

- Prevents vibration noise in the interior caused by vibrating body parts, such as the wheel arch, cardan tunnel, floor group, doors and other side parts.

BOND AND SEAL STRUCTURAL ADHESIVE WHITE

ART.-NO. 08901001

APPLICATION

- For a range of bonding and sealing tasks
- Suitable for bonding and sealing in food processing plants
- For the permanently elastic sealing of spot weld seams

VARIANTS

Art.-no.	Contents	Container	Colour	Shore hardness A / conditions
08901002	300 ml	Cartridge	Grey	40 / in accordance with DIN 53505
08901003	300 ml	Cartridge	Black	40 / in accordance with DIN 53505

BOND AND SEAL STRUCTURAL ADHESIVE WHITE

ART.-NO. 0890100181

APPLICATION

- For a range of bonding and sealing tasks
- Suitable for bonding and sealing in food processing plants
- For the permanently elastic sealing of spot weld seams

VARIANTS

Art.-no.	Contents	Container	Colour
0890100183	600 ml	Bag	Black

SILICONE ACETATE TRANSPARENT

ART.-NO. 08925701

APPLICATION

- Sealing of expansion joints exposed to medium loads, for indoor and outdoor use.

VARIANTS

Art.-no.	Colour	Container	Contents
08925701	Transparent	Cartridge	310 ml
08925702	White	Cartridge	310 ml
08925705	Black	Cartridge	310 ml

CHEMICALS

ADHESIVES

BOND AND SEAL POWER STRUCTURAL ADHESIVE

ART.-NO. 08932351

APPLICATION

- For dynamically loaded structural bonded connections and seam and joint sealing in bodywork, vehicle and caravan construction, railway carriage and container construction, metal and equipment construction, air-conditioning and ventilation duct construction, in the food industry, and much more.

MEDIUM-STRENGTH SCREW RETAINER

ART.-NO. 0893243050

APPLICATION

- For medium-strength retaining, fixing and sealing of threaded connections such as screws, stud bolts, nuts and threaded plugs, which are supposed to be detached again with normal tools. The medium-strength threadlocker is for use in the automotive and commercial vehicle industry, in metalworking and tool manufacturing, shipbuilding, mechanical engineering and engine construction, and electrical and electronics construction.

HIGH-STRENGTH SCREW RETAINER

ART.-NO. 0893270050

APPLICATION

- For securing, fastening and sealing threaded connections such as bolts, stud bolts, nuts, threaded plugs, thread inserts, ball bearings and roller bearings, which do not normally have to be detached. The high-strength threadlocker is for use in the automotive and commercial vehicle industry, in metalworking and tool manufacturing, shipbuilding, mechanical engineering and engine construction, and electrical and electronics construction.

SPECIAL 2C ADHESIVE SET 5 PCS

ART.-NO. 089340

APPLICATION

- Suitable for all applications requiring good shear and/or impact strength of glass, ceramic and metal, as well as combinations thereof. Also suitable for materials with very different coefficients of expansion, even with temperature and climate changes.

PLASTIC ADHESIVE REPLAST® EASY FAST

ART.-NO. 08935003

APPLICATION

Cars: Spoilers, radiator grills, panel clips, bumpers, brackets on headlights and radiators etc.
HGVs and buses: Aprons, bumpers, air intake pipes, wheel arches etc.
Motorcycles: All panelling

BEARING RETAINING COMPOUND HIGH-STRENGTH AND HEAT-RESISTANT

ART.-NO. 0893620050

APPLICATION

- For fastening cylindrical joints such as bushings and bearings exposed to high temperatures. The bearing retaining compound is for use in the automotive and commercial vehicle industry, in metalworking and tool manufacturing, shipbuilding, mechanical engineering and engine construction, and electrical and electronics construction.

BUTYL TAPE

ART.-NO. 0894700122

APPLICATION

- Ideally suited for connecting seams and bonding vapour barrier films, overlap seals for assembly parts in the automotive and roof area, façade and equipment construction, in the furniture and interior construction industry, in sanitary and electrical installation as well as all similar applications such as involving grommets, sleeves, cable end caps or similar components.

DECORATIVE TRIM ADHESIVE TAPE 12MM

ART.-NO. 0894910

APPLICATION

- For fastening decorative and functional strips, lettering, emblems, panels and brackets in the automotive industry For affixing nameplates to machines In combination with mechanical fastening elements for spoiler mounting

VARIANTS

Art.-no.	Width
08949101	24 mm

CHEMICALS

CAR CARE & SERVICE

ALUMINIUM WHEEL RIM CLEANER ART.-NO. 0890102

APPLICATION

- For gentle cleaning of light-alloy wheel rims

BATTERY TERMINAL PROTECTOR ART.-NO. 0890104

APPLICATION

- Shake can before use. Thoroughly clean and mount the battery terminals, pole terminals etc., and spray a thin coat on all sides.

BRAKE CLEANER 500ML ART.-NO. 08901087

APPLICATION

- For quickly removing oily/greasy residues, soot, brake dust on vehicles, disc and drum brakes, engine and gearbox housings etc.

VARIANTS

Art.-no.	Contents	Container
0890108715	5 litres	Canister

FI-CLEANER VEHICLE CLEANER 1L SPRAY BOTTLE ART.-NO. 0890120

APPLICATION

- Seat covers, neck supports, carpets, vehicle ceiling, door claddings, soiling in the luggage compartment etc.

VARIANTS

Art.-no.	Contents	Container
08901205	5 litres	Canister

TYRE FOAM ART.-NO. 0890121

APPLICATION

- High-quality care product for tyre walls.

TYRE MOUNTING PASTE ART.-NO. 08901221

APPLICATION

- For fitting and removing car, lorry and motorcycle tyres

LEAK DETECTOR ART.-NO. 089020

APPLICATION

- Suitable for compressed air brake systems, tyres, hoses, valves, pipework, fittings, compressed air containers, compression systems etc.

CHEMICALS

CAR CARE & SERVICE

RUST REMOVER ROST-OFF 400ML AEROSAL CAN

ART.-NO. 0890200004

APPLICATION

- For releasing rusty and oxidised screw connections on passenger cars, lorries, agricultural and construction machinery, assemblies and devices

VARIANTS

Art.-no.	Contents	Container
0890200	400ml	Aerosol can
0890300	5 l	Canister

GLASS AND WINDOW CLEANER

ART.-NO. 08902205

APPLICATION

- For cleaning glass and smooth surfaces. For passenger car/truck and bus windscreens, windows and frames, mirrors, ceramics, tiles as well as sensitive surfaces such as paint and plastic, photovoltaic and scratchproof glazing.

COCKPIT CLEANING AND CARE SPRAY

ART.-NO. 08902221

APPLICATION

- For cleaning and care of passenger car, truck and bus interiors. For instruments, door coverings, plastics and rubber mats.

ACTIVE GLASS CLEANER

ART.-NO. 089025

APPLICATION

- Dissolves insect residue, bird droppings, road dust, nicotine deposits, greasy dirt, silicone residue and rubber marks from glass windows, car windows, mirrors and painted surfaces.

ENGINE SEALING COMPOUND SILICONE SPECIAL 180 RED

ART.-NO. 0890321

APPLICATION

- For sealing engines, transmissions and bodywork, cylinder heads, crankcases, oil sumps, radiators, differentials, light housings, indicator housings, weld seams etc.

VARIANTS

Art.-no.	Colour	Weight of content
0890321	Red	73 g
0890323	Black	86.8 g

ENGINE SEALING COMPOUND SILICONE RTV 343

ART.-NO. 0890324085

APPLICATION

- Permanent elastic silicone sealing compound for engines and vehicle body.
- For sealing surfaces, gaps and cracks. Such as oil sumps, thermostat housing, cylinder heads, crankcases, radiators, gearboxes, bodywork etc.

RADIATOR SEALANT FOR ALL ENGINES WITH COOLING SYSTEMS WITHOUT FILTER SYSTEMS

ART.-NO. 5861501300

APPLICATION

- Seals hairline cracks in radiator, engine block or cylinder head. Leaking hose connections can also be sealed. Permanent sealing of hairline cracks and leakage points protects the cooling circuit and combustion chamber from leaks. Radiator sealant prevents loss of coolant.

CHEMICALS

CAR CARE & SERVICE

INDUSTRIAL CLEANING WIPES

ART.-NO. 089090090

APPLICATION

- Thorough and gentle at removing even the heaviest types of soiling such as oils, greases, adhesives, paints, tar and lubricants.
- Tool cleaning
- Surface cleaning
- Hand cleaning

MANUAL CAULKING GUN FOR CARTRIDGES BASIC

ART.-NO. 0891001

APPLICATION

- For applications with 310 ml cartridges

UNDERBODY PROTECTION GUN

ART.-NO. 08911060

APPLICATION

- For applying stone chip and underbody protection products containing solvents.

UNDERCOATING SPRAY GUN FOR APPLYING GRAVEL GUARD AND UNDERCOATING PRODUCTS CONTAINING SOLVENTS

ART.-NO. 08911063

APPLICATION

- For applying liquid undercoating and gravel guard based on bitumen, natural rubber plastic, synthetic resin and wax in special containers.

1C FOAM GUN PURLOGIC® XPRESS FOR PROFESSIONAL APPLICATION OF 1-COMPONENT GUN FOAMS

ART.-NO. 08911524

APPLICATION

- The gun is used to apply 1-component polyurethane foam. All commercially available gun foams in aerosol spray cans with standard screw-on adapter are suitable. Being able to precisely adjust the PU foam quantity means that the gun is suitable for controlled dispensing and customised filling of joints, thereby enabling precise and secure installation.

CAULKING GUN UP TO 300 ML 14:1

ART.-NO. 0891400610

APPLICATION

- Robust sausage pack applicator gun can be converted for cartridges of different sizes and thicknesses
- Transmission ratio 14:1
- Immediate power transmission to the push rod possible
- Easy to clean
- By simply unscrewing the blue pack piston, also suitable for processing 290 to 310 ml cartridges

PRODUCT-SPECIFIC PRESSURE SPRAYER, UNFILLED

ART.-NO. 0891503002

APPLICATION

- Refillable empty pump spray bottle for easy application of products from canisters or drums
- Break-proof, empty 1 litre container
- Easy opening owing to surface feel elements

CHEMICALS

CAR CARE & SERVICE

AIR PAINT SPRAY GUN HVLP
ART.-NO. 0891701300

NOTICE

Nozzle size

- 0891 702 130 1.3 mm
- 0891 702 140 1.4 mm
- 0891 702 170 1.7 mm

PAINTABLE BODY SEALANT
ART.-NO. 0892010

APPLICATION

- Suitable for sealing metal joints, scratches, overlaps and spot weld seams on front and rear skirts, the boot floor, the entire undercarriage, in the passenger compartment, on the sidewalls and on the wheel wells.

GRAVEL THROW AND UNDERBODY PROTECTION
ART.-NO. 0892075200

APPLICATION

- For repairing and restoring the original structure and for protecting against stone chips and corrosion in all visible areas, e.g. front and rear aprons, side members, bumpers and chassis on cars, trucks and buses. Ideally suited for use as an anti-humming compound for wheel wells and chassis.

GRAVEL THROW AND UNDERBODY PROTECTION
ART.-NO. 0892075250

APPLICATION

- For repairing and restoring the original structure and for protecting against stone chips and corrosion in all visible areas, e.g. front and rear aprons, side members, bumpers and chassis on cars, trucks and buses. Ideally suited for use as an anti-humming compound for wheel wells and chassis.

PREMIUM RIM CLEANER
ART.-NO. 0893476505

APPLICATION

- The acid-free combination of active agents removes even the most stubborn dirt, such as firmly adhering brake abrasion, road dirt, oil and rubber residues and surface rust particles from all steel and light-alloy rims.

PLASTIC CARE
ART.-NO. 0893477

APPLICATION

- For unpainted plastic bumpers, exterior mirrors, panel parts, spoilers, tyre walls, rubber seals etc.

ENGINE FLUSH AND CLEANER FOR USE IN ALL PETROL AND DIESEL ENGINES
ART.-NO. 5861310400

APPLICATION

- Suitable for all mineral and synthetic-based engine oils. Suitable for petrol and diesel engines. Caution: Not suitable for use in motorcycles with oil bath clutch that share a joint oil circuit.

CHEMICALS

CAR CARE & SERVICE

CAVITY WAX ART.-NO. 0892082

APPLICATION

- For long-lasting protection of areas in vehicle body cavities prone to corrosion. Used for subsequent treatment of existing seals and for restoring corrosion protection after accident repair work.

1C ASSEMBLY FOAM PURLOGIC® EASY ART.-NO. 0892143

APPLICATION

- High-quality and secure insulating and filling of cavities, such as pipe ducts, joints, wall joints and wall openings. Adheres to surfaces such as concrete, marble, stone, hard PVC, metal and wood with the exception of PE, silicone, PTFE, grease and similar surfaces. Ice blue foam colour provides visual confirmation of installation.

PURLOGIC® FAST 2-COMPONENT FRAME FOAM ART.-NO. 0892144

APPLICATION

- For high-quality and secure wooden and steel door frame installation, window sill connections*, for filling larger cavities, such as roof beams, bath and shower tub filling and model and mould construction.
- * Must be protected from a compressive load with a sufficient supporting load.
- Adheres to concrete, stone, hard PVC and wood.

HIGH-TEMPERATURE SILICONE ART.-NO. 0892330

APPLICATION

- For sealing in the construction of furnace units, heating units, air conditioners, washing machines and dryers
- No primer required: Stainless steel, enamel, glass, tiles
- Primer required: aluminium (bare, anodised and powder-coated), chrome

RAPID WINDSCREEN CLEANER IN DISPLAY CARTON ART.-NO. 0892333

APPLICATION

- Add rapid cleaner to windscreen wash depending on the wash water volume.

BASIC UV LEAK DETECTION ADDITIVE ART.-NO. 0892764134

APPLICATION

- Can be used in R134a, R1234yf and R744 air-conditioning systems as well as in air-conditioning systems with electric compressors (hybrid, start/stop and electric vehicles) for reliably detecting of leaks and micro-leaks.

CHEMICALS

CAR CARE & SERVICE

CAR SHAMPOO
ART.-NO. 089301205

APPLICATION

- Removes all kinds of dirt from vehicle paintwork, chrome, rubber, vinyl, plastic etc.

CAR SHAMPOO 3 IN 1
ART.-NO. 0893012051

APPLICATION

- For all washable, smooth surfaces such as car paint, chrome, rubber, vinyl, plastic, etc.

SOLVENT-FREE LEATHER CARE AGENT
ART.-NO. 0893012901

APPLICATION

- Smooth leather such as leather equipment in vehicles, shoes, clothes, bags, furniture etc.

PAINT SEALANT, PERFECT
ART.-NO. 0893013001

NOTICE

- We recommend using with our orange polishing pad.

ENGINE WASH
ART.-NO. 089301305

APPLICATION

- Engine, engine compartment and gearbox are cleaned thoroughly and in an environmentally friendly way. Delicate surfaces such as aluminium, tin and zinc and painted surfaces, plastics and rubber are not attacked thanks to absence of aggressive ingredients and a pH value approaching neutral.

SPECIAL POWER CLEANER
ART.-NO. 0893037020

APPLICATION

- Construction site vehicles, cement and lime silo vehicles, tankers with stainless steel or aluminium components or attachments, heavily soiled plastic, rubber (e.g. tarpaulin) and metal parts (e.g. oils and greases), stainless steel tanks or underbody protection.

CUT+COOL DRILLING AND CUTTING OIL
ART.-NO. 0893050004

APPLICATION

- Multi-purpose cutting oil for light to medium machining.

CUT+COOL ECO DRILLING AND CUTTING OIL
ART.-NO. 0893050011

APPLICATION

- For use on-site, with loss lubrication and in food-contact areas. Ideally suited for use with surface pressures between the workpiece and tool and for all complex machining operations. Can be used for shaping steel, aluminium and non-ferrous heavy metals.

CHEMICALS

CAR CARE & SERVICE

CUT+COOL ULTRA COOLING LUBRICANT

ART.-NO. 0893050030

APPLICATION

- Semi-synthetic water-miscible cooling lubricant, suitable for light to medium-heavy machining of metal involving chip production, including grinding.

MAINTENANCE OIL MULTI

ART.-NO. 089305540

APPLICATION

- Versatile multi-purpose spray

LUBRICATING OIL MULTI WS6

ART.-NO. 0893086400

APPLICATION

- Lubricates, cleans and maintains
- Lubricates closures, hinges, bushings, chains and door locks
- Stops squeaking and creaking, and lubricates anything that is seized or jammed
- Cleans and protects plastic and metal parts, e.g. panelling and housing
- Removes rust and protects against corrosion

KLEBFIX SUPERGLUE

ART.-NO. 089309

APPLICATION

- Superglue for bonding metal, plastic and rubber parts with and to each other.

SEALANT REMOVER

ART.-NO. 08931000

APPLICATION

- Wide range of uses on metal, wood, glass, ceramic, polyethylene and polypropylene

PERFECT WELD SPRAY

ART.-NO. 0893102100

APPLICATION

- Perfect weld spray is a biological anti-spatter spray for aluminium, non-ferrous heavy metals, structural steel, welding torch nozzles and stainless steels.

SILICONE SPRAY

ART.-NO. 0893221

APPLICATION

- For bumpers, protective strips, plastic rails and guides, door and sealing rubbers, rubber cuffs and hoses.

CHEMICALS

CAR CARE & SERVICE

SILICONE REMOVER
ART.-NO. 0893222

APPLICATION

- Suitable as a cleaner or degreaser for all surfaces with silicone present. Also suitable for professional pre-treatment when applying adhesives or painting (especially for touching up and parts painting). Also highly suitable for cleaning plastics.

SILICONE SPRAY GREASE
ART.-NO. 0893223

APPLICATION

- Suitable for lubricating door pins, slide rails, door and furniture hinges, drawers, and plastic, sliding roof and seat guides etc. Also suitable for lubricating switches, electrical wiring and sensitive components to protect them against moisture and corrosion.

V-BELT SPRAY
ART.-NO. 0893230

APPLICATION

- For V-belts made from leather, rubber, balata, hair etc. Not suitable for use on flat belts. When using V-belt spray, contact with the belt pulleys is increased – separation and friction problems are reduced to a minimum. The efficiency of the V-belt is increased.

PLAST PT® PLASTIC PAINT
ART.-NO. 0893270050

APPLICATION

- Bumpers, synthetic leather roofs, folding roofs (including fabric), plastic interior panelling, rubber parts, water hoses, running board panels etc.

DEEP CLEANER FOR PLASTIC
ART.-NO. 0893285

APPLICATION

- Can be used for e.g. cleaning and protecting the cockpit, interior trims, spoilers, bumpers and much more.

COCKPIT CARE
ART.-NO. 08934731

APPLICATION

- It is recommended to pre-clean the surface with Active Clean. Spray the cockpit care onto a clean, dry cloth and apply to the parts to be treated. Protect from frost.

MULTI-PURPOSE CLEANER
LIQUID GREEN
ART.-NO. 08934731

APPLICATION

- Used to clean metal surfaces, machine and assembly parts, engines, engine compartments, vehicles, convertible roofs and workshop facilities.

CHEMICALS

LUBRICANTS

ADHESIVE LUBRICANT HHS 2000®

ART.-NO. 0893106

APPLICATION

- Extremely high-pressure-resistant partly synthetic oil for universal lubrication and for high pressure loads.
- Suitable for universal lubrication and for high pressure loads, e.g. shifting, accelerator and clutch linkages, Bowden cables, pins, joints, hinges, reversing levers, lock strikers, drag link ends, slide rails, chain wheels, toothed racks, open gearwheels and much more.

HHS® CLEAN ADHESIVE LUBRICANT PRE-CLEANER

ART.-NO. 089310610

APPLICATION

- Highly effective pre-cleaner and bond improver (primer) specially tailored to HHS products.

ADHESIVE LUBRICANT HHS® 5000

ART.-NO. 08931063

APPLICATION

- Extremely temperature-resistant, fully synthetic penetrating oil with PTFE. Provides optimum lubrication safety in everyday use.

ADHESIVE LUBRICANT HHS® 1000

ART.-NO. 08931064

APPLICATION

- Fling-proof low-viscosity grease with dual effect: Penetrating properties of an oil, adhesive and pressure-resistant like grease.
- Suitable for lubricating under difficult re-lubrication conditions during maintenance and service work, e.g. internal bearings, wire ropes, joints, shafts, roller bearings.

ADHESIVE LUBRICANT HHS® 500

ART.-NO. 08931065

APPLICATION

- EP long-life spray grease with a high protective factor against weathering and environmental influences.
- Suitable for exposed lubricating points with heavy dirt and weather influences, e.g. gearwheels, bearings, wire cables, spring balancers, slide bearings and much more. HHS 500 is ideally suited for exposed outdoor lubrication thanks to its low adhesion of dust and dirt.

ADHESIVE LUBRICANT HHS®100

ART.-NO. 08931066

APPLICATION

- Shear-proof dry synthetic wax with PTFE and exceptionally good creep properties.

ADHESIVE LUBRICANT HHS® 200

ART.-NO. 08931067

APPLICATION

- High-quality, white long-life maintenance grease with PTFE. Optimum identification of points of lubrication during maintenance and service work, e.g. hinges, joints, slide rails etc.

LONG-LIFE SPRAY GREASE FOR EXCELLENT PROTECTION

CHEMICALS

LUBRICANTS

DRY LUBRICANT SPRAY PTFE

ART.-NO. 0893550

APPLICATION

- Transparent, dirt-resistant dry lubricant for light to medium loads.

COPPER SPRAY CU 800 300ML

ART.-NO. 0893800

APPLICATION

- The high temperature-resistant lubricant is suitable for lubricating the backs of disc brake pads (prevents squeaking noises), screw connections (exhaust manifold screws, spark plug threads etc.), bearings, pivot points, joints, sliding surfaces etc. Prevents solid seals from becoming baked on and is also suitable for contact protection on the nozzles of gas-shielded arc welding guns and on batteries and battery terminals.

COPPER PASTE CU 800 1L

ART.-NO. 08938002

APPLICATION

- The high temperature-resistant lubricant is suitable for lubricating the backs of disc brake pads (prevents squeaking noises), screw connections (exhaust manifold screws, spark plug threads etc.), bearings, pivot points, joints, sliding surfaces etc. Prevents solid seals from becoming baked on and is also suitable for contact protection on the nozzles of gas-shielded arc welding guns and on batteries and battery terminals.

**OUR BROAD LINE OF HIGH-QUALITY
LUBRICANTS COVERS ALL OF YOUR NEEDS.**

CHEMICALS

FOOD GRADE

MULTI-PURPOSE GREASE III **ART.-NO. 0893107002**

APPLICATION

- Physiologically non-hazardous, colourless grease with multi-functional additive combination for lubricating and protecting seals, jointed and moving parts in which there is a risk of direct contact between the lubricant and foodstuffs.

FOODSTUFFS LUBRICATING OIL **ART.-NO. 08931071**

APPLICATION

- Colourless special lubricant with creeping properties for the food industry as well as for the beverage, pharmaceutical and clinical sectors.

ADHESIVE LUBRICANT HHS® FOODSTUFFS **ART.-NO. 08931076**

APPLICATION

- Suitable for universal lubrication at high pressure loads, e.g. for chains, racks, joints, levers, bearings, sliding points, cables, open drives, and hinges.

FOOD-GRADE SILICONE ACETATE **ART.-NO. 08925501**

APPLICATION

- For sealing joints that come into contact with drinking water or food, e.g. in commercial kitchens, butcher's shops, breweries, on sales counters and in walk-in refrigerators and for aquarium construction.

**SAFE AND DURABLE, MEETING THE
HIGHEST FOOD SAFETY STANDARDS.**

CHEMICALS

CORROSION PROTECTION

RUST CONVERTER
ART.-NO. 0893110

APPLICATION

- Vehicle construction, caravan construction, shipbuilding, metal and steel construction, tool manufacturing, bridge building, tank construction, pipeline construction, container construction, agriculture and forestry, municipal management, construction machinery etc.

RUST CONVERTER SPRAY
ART.-NO. 0893110400

APPLICATION

- Rust converter spray neutralises the rusted layer and forms a metal-organic iron aggregate. The corrosion protection paint with rust-converting properties is ideal for repainting heavily rusted areas. For maintenance and long-lasting protection of vehicles, systems, machinery and components in all applications.

PERFECT ZINC SPRAY
ART.-NO. 0893114114

APPLICATION

- For visual enhancement, repair and protection against corrosion of metallic surfaces.

GREASE SOLVENT
ART.-NO. 0893117043

APPLICATION

- Extraction hood, worktop, kitchen cabinets, sideboards, cooker, tiles, plastic, stainless steel, varnished wood, and much more.
